

SOMERVUO, Panu Juhani, born February 3, 1971 Helsinki, Finland

**Address and Contact:**

Urheilukatu 42 a 13  
00250 Helsinki  
Finland

Telephone: +358 9 241 7818, (GSM): +358 50 5766143  
Email: panu.somervuo@hut.fi, panu.somervuo@helsinki.fi  
WWW: <http://www.cis.hut.fi/panus/>

**Education:**

- 1990** Student matriculation, Helsingin Suomalainen Yhteiskoulu
- 1996** Diploma Engineer (M.Sc.), Helsinki University of Technology, Department of Electrical Engineering
- 2000** Doctor of Science in Technology, Helsinki University of Technology, Department of Computer Science and Engineering

**Language Skills:**

Finnish, English, German, Swedish

**Military Service:**

**1991-1992** Finnish Army, rank: second lieutenant

**Employment:**

- 1994-1995** Research Assistant, Helsinki University of Technology, Laboratory of Computer and Information Science
- 1995-1996** Research Assistant, Helsinki University of Technology, Neural Networks Research Centre
- 1996-2002** Research Scientist, Helsinki University of Technology, Neural Networks Research Centre
- 2002-2003** Visiting Researcher, International Computer Science Institute, Berkeley, California, USA
- 2003-2005** Research Scientist, Helsinki University of Technology, Neural Networks Research Centre
- 2005-** Bioinformatics, University of Helsinki, Department of Applied Biology

**Research Background and Interests:**

My general research interests are in signal processing, bioinformatics, and machine learning. I am also interested in telecommunications. Most of my background is in speech recognition where I have been working with acoustic models. I am familiar with feature extraction methods and statistical models like Gaussian mixture models and hidden Markov models. I have also interest in Bayesian methods. Besides speech recognition, another main branch of my work has been in the use and development of self-organizing maps. These belong to a certain type of artificial neural networks which can be used for the clustering and visualization of complex data.

**Programming Skills:**

C/C++, MATLAB, Perl.

**Journal reviewing:**

I have been reviewer for papers submitted to Bioinformatics, Neural Computation, International Journal of Neural Systems, Neural Processing Letters, IEEE Transactions on Systems, Man, and Cybernetics - Part B, IEEE Transactions on Knowledge and Data Engineering, and IEEE Transactions on Speech and Audio Processing.
